

TEMS Art Department wants the stuff sitting around your house that you'd probably be thrilled to recycle into ART!!

This Green Piece has become our annual start of the year kick off!

The TEMS art teachers are practicing “green art” by asking that families bring in some items that you were probably going to get rid of anyway. Just think, you'll be saving room in landfills, saving money for the art department and your students will have great fun making art with these items. The items the art teachers would like are:

- Cardboard tubes: paper towel, toilet paper and wrapping paper
- Dry cleaning plastic – to wrap clay projects
- Egg cartons
- Fabric scraps
- Yogurt cups
- Yarn

Some of these items could be recycled instead of given to the art department. However, reusing is a great eco-friendly way to go and saves the art teachers from having to buy new products to serve the same purpose. If you'd like to donate these items, please have your student deliver them directly to the art teachers. Thank you!

**If you have any questions, or ideas you'd like to share,
please contact Julia Fisher at jjfish3@verizon.net.**
